

Helpful Hostels leading the way to serve the underserved

Pledge to make your hostel cafeteria/mess food waste free.

Donate healthy consumable surplus food to those in need, and help them come out of the cycle of poverty, one meal at a time.

PARTNER WITH ZOMATO FEEDING INDIA

We are a not-for-profit aiming to mitigate hunger by solving for food wastage. Our work begins in India - a country that is home to the largest number of people who don't have access to a daily meal. We have a growing network of 24.5k+ volunteers present across 100+ cities in India. So far, we have served over 33 million meals to fellow citizens in need.

HOW DO WE WORK?

Zomato Feeding India collects surplus fresh food from large scale events, weddings; corporate, factory and college cafeterias; warehouses; restaurants and individuals and routes it towards people who are in need of food

Zomato Feeding India also accepts cash contributions or contributions in the form of raw grains and routes them towards meals at beneficiary centres or as a part of their emergency relief work

The collection and meaningful consumption of this food also prevents this food going to the landfills leading to harmful and preventable carbon emissions

HOW CAN YOUR HOSTEL PARTNER WITH US?

Once you partner with us, Zomato Feeding India will manage - the collection, handling, transportation and donation of food.

Logistics

We have 24/7 functional, dedicated vans which contain refrigeration and insulation systems manned by trained staff. A log sheet is maintained to record details for each day.

The food is collected at a pre-agreed time. We perform 2 quality checks (during collection and donation) keeping in mind food taste, texture, odour and other parameters

Liability Release

Zomato Feeding India signs a liability release agreement with food donation partners to release partners of all liability for quality of the food once we have collected it

Beneficiaries

Our beneficiaries include and are not limited to - children, women, the elderly, the specially-abled and migrant labourers

One of our key programs Poshan to Patshala is aimed at giving food as an incentive for education to children from underserved backgrounds

ZOMATO FEEDING INDIA'S REACH AND IMPACT

Your contribution powers our ecosystem

We connect food sources with people who need it the most

-  **100+ cities**
-  **24,500+ volunteers**
-  **33 million+ meals served**
